With great excitement, I am pleased to announce that Christie Britt has joined the Apartment Living Division as our Assistant Community Manager at Abberly at Southpoint. Christie comes to us from a nationwide multi-family company where she worked as a marketing specialist. During her tenure in the property manager field, she has held positions as leasing consultant and Assistant Manager. Her knowledge of the Fredericksburg market is unmatched, and she will be instrumental in continuing to build our brand in this area. I could not be happier that she will be putting her talents to work for us. Please help me welcome Christie Britt to HH Hunt!
